MEMORANDUM FOR THE RECORD

SUBJECT: Briefing of Pincus and Paul re COMINT Involvements
25X1A [REDACTED]

25X1A At the Director's meeting today I reminded the Director that Pincus and Paul were back in town and that Senator Stuart Symington (D., Mo.) had requested that, upon their return, we provide them directly with answers to Symington's questions regarding our COMINT involvements [REDACTED] I pointed out the jurisdictional problems involved in discussing matters of this kind with staff members of a foreign relations subcommittee. The Director said we had a number of pressing matters facing us and we should take no initiative at this time to contact Pincus and Paul.
